Youth Services

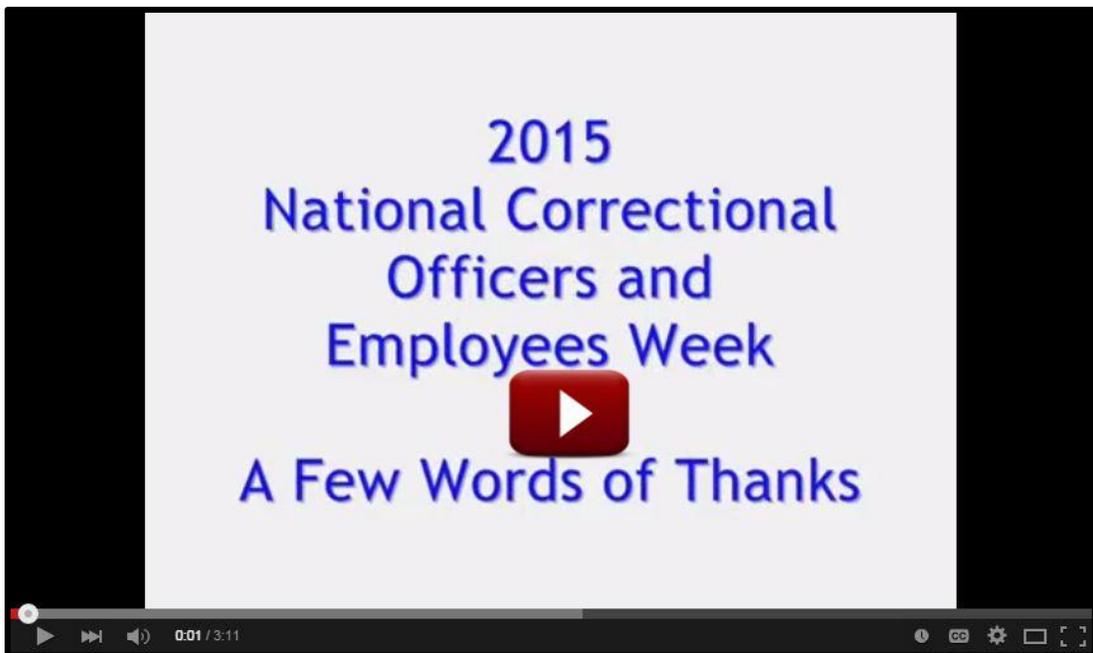

### Message from DYS Director Harvey Reed

Words of Thanks: National Correctional Officers and Employees Week

May 5, 2015

The 981 employees at DYS are extraordinary. Each and every day, you make countless sacrifices for our youth in facilities, those on parole and their families. Together, we are working diligently to improve Ohio's future. Yes, there are difficult days, but you persevere because you simply care about our youth.

During National Correctional Officers and Employees week, the executive staff and I would like to say "Thank You" in our own words. Please view the video below:

Enjoy the activities that are planned for you this week at the facilities, central office and regional sites. Thank you for your extraordinary efforts.
